

Bushy Park

Remove all through-traffic by trialling a partial road closure on Chestnut Avenue

By closing the link between Teddington and Hampton Court Gates to traffic, we will create new park space for visitors within the centre of the park and will eliminate all commuting motor vehicle traffic.

Car parking and vehicle access

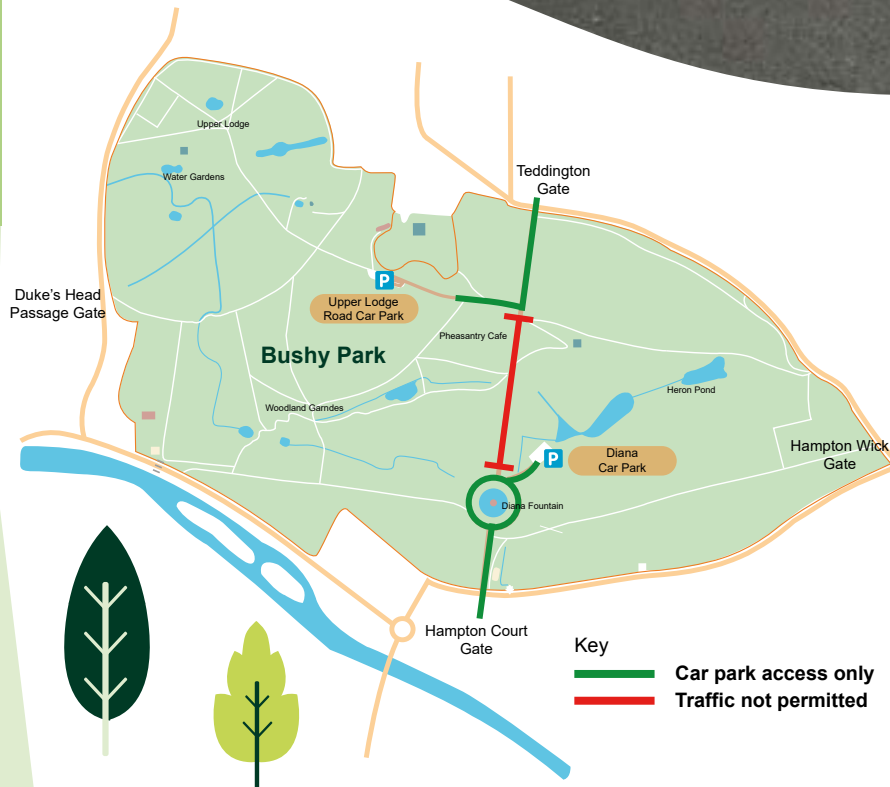

Visitors will still be able to drive to the park and the parking provision will be unaffected.

Visitors will need to access their preferred car park from the closest gate only.

We are committed to undertaking a 6-month trial of these road closures. Over this 6-month period, we will measure and monitor these trials. This will include:

- In-person park visitor satisfaction surveys (where possible due to Covid-19 restrictions)
- Attaining park stakeholder feedback
- Evaluation of the external implications of our trials in partnership with relevant transport authorities (TfL and local boroughs)
- A formal consultation with all park visitors, residents and stakeholders

All feedback received during this time will be taken into account to determine the final outcome of the trial. The charitable objects of The Royal Parks will also be taken into consideration.

Key Dates

Trial start date: 15 August 2020

Consultation dates: November 2020 – December 2020

Trial Conclusion: February 2021

Stay up to date

To ensure that all park stakeholders are informed of the process and progress of each project, we recommend signing up to the Movement Strategy mailing list through our website
