

FAQS

GRAND BUG DESIGNS SCHOOL COMPETITION

Q Can any school enter?

Any non-fee paying primary, secondary and special educational needs and disability (SEND) school in Greater London may enter.

Q May more than one class in our school work on the design?

Yes, of course, but you must work together and not send separate designs. Only one design per school will be considered.

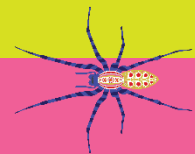

Q What format should we use to submit our design?

You may design your invertebrate garden using the tools of your choosing. Draw free hand or use a computer programme - whichever you prefer. If you make a 3D model of your design, you may support your entry by sending us photos and or films of it.

Q How many documents can we submit?

Please submit **one** document. Your entry should consist of one overall annotated design with supporting pages detailing individual elements e.g. some students may wish to work on a meadow whilst others work on a pond.

FAQS

GRAND BUG DESIGNS SCHOOL COMPETITION

Q Can I post my entry?

Unfortunately not. We must receive all entries via our online webform.

Q How are entries judged?

Six entries will be shortlisted in each category: primary, secondary and SEND schools. These will be sent to a panel of experts who will allocate 1st, 2nd and 3rd prizes in each category.

Q When will we be notified if successful?

Winning entrants will be notified in March 2018. Please assume you have been unsuccessful if you have not heard from us by the end of March 2018.

Q If we win, how will our design be made?

1st prize winners in each of the school categories will see aspects of their design brought to life, up to the value of **£5,000**. Design and build advice may be offered by the Mission: Invertebrate team. 2nd and 3rd prize winners in each school category will receive their prizes by summer term 2018.
