To prevent the spread of coronavirus through social contact in a busy space, we will be closing all playgrounds across the Royal Parks with immediate effect.

The health and safety of visitors to the Royal Parks is our priority.

We’re closely monitoring Government advice regarding COVID-19 and we’re following the guidance of Public Health England. We’re taking all appropriate measures to keep our visitors safe during this time.

Although the playgrounds are closed, the rest of the Royal Parks will remain open to visitors presenting a wealth of opportunities for children to enjoy spending time in a natural environment and we encourage people to come to the parks to boost their physical and mental wellbeing.

Staying fit and well is particularly important at the moment, but please remember to follow the Government’s advice on social distancing to prevent the disease spreading.

Please check our website for daily updates www.royalparks.org.uk as well as our Twitter feed @theroyalparks
