

Hyde Park

Trial closures of North Carriage Drive and South Carriage Drive

North Carriage Drive is closed to traffic for up to six months of the year due to the occurrence of events that take place in Hyde Park. We will trial a full-time closure of this park road. South Carriage Drive is currently closed to vehicle traffic every Sunday. We will trial extending this closure by closing the road from Prince of Wales Gate to Hyde Park Corner / Queen Elizabeth Gates on Saturdays (in addition to the current closures on Sundays).

Key
 Through traffic permitted
 Traffic not permitted

We are committed to undertaking a 6-month trial of these road closures. Over this 6-month period, we will measure and monitor these trials. This will include:

- In-person park visitor satisfaction surveys (where possible due to Covid-19 restrictions)
- Attaining park stakeholder feedback
- Evaluation of the external implications of our trials in partnership with relevant transport authorities (TfL and local boroughs)
- A formal consultation with all park visitors, residents and stakeholders

All feedback received during this time will be taken into account to determine the final outcome of the trial. The charitable objects of The Royal Parks will also be taken into consideration.

Key Dates

Trial start date: 15 August 2020
Consultation dates: November 2020 – December 2020
Trial Conclusion: February 2021

Car parking and vehicle access

Visitors will still be able to drive to the park and the parking provision will be unaffected, with a combination of on-street and off-street parking available at all times.

Stay up to date

To ensure that all park stakeholders are informed of the process and progress of each project, we recommend signing up to the Movement Strategy mailing list through our website
